

Great Scrum Class in Zürich

We had a great training with students from all of Switzerland and dived into the role of the Scrum Master with its accountabilities, responsibilities and Dos and Dont's.

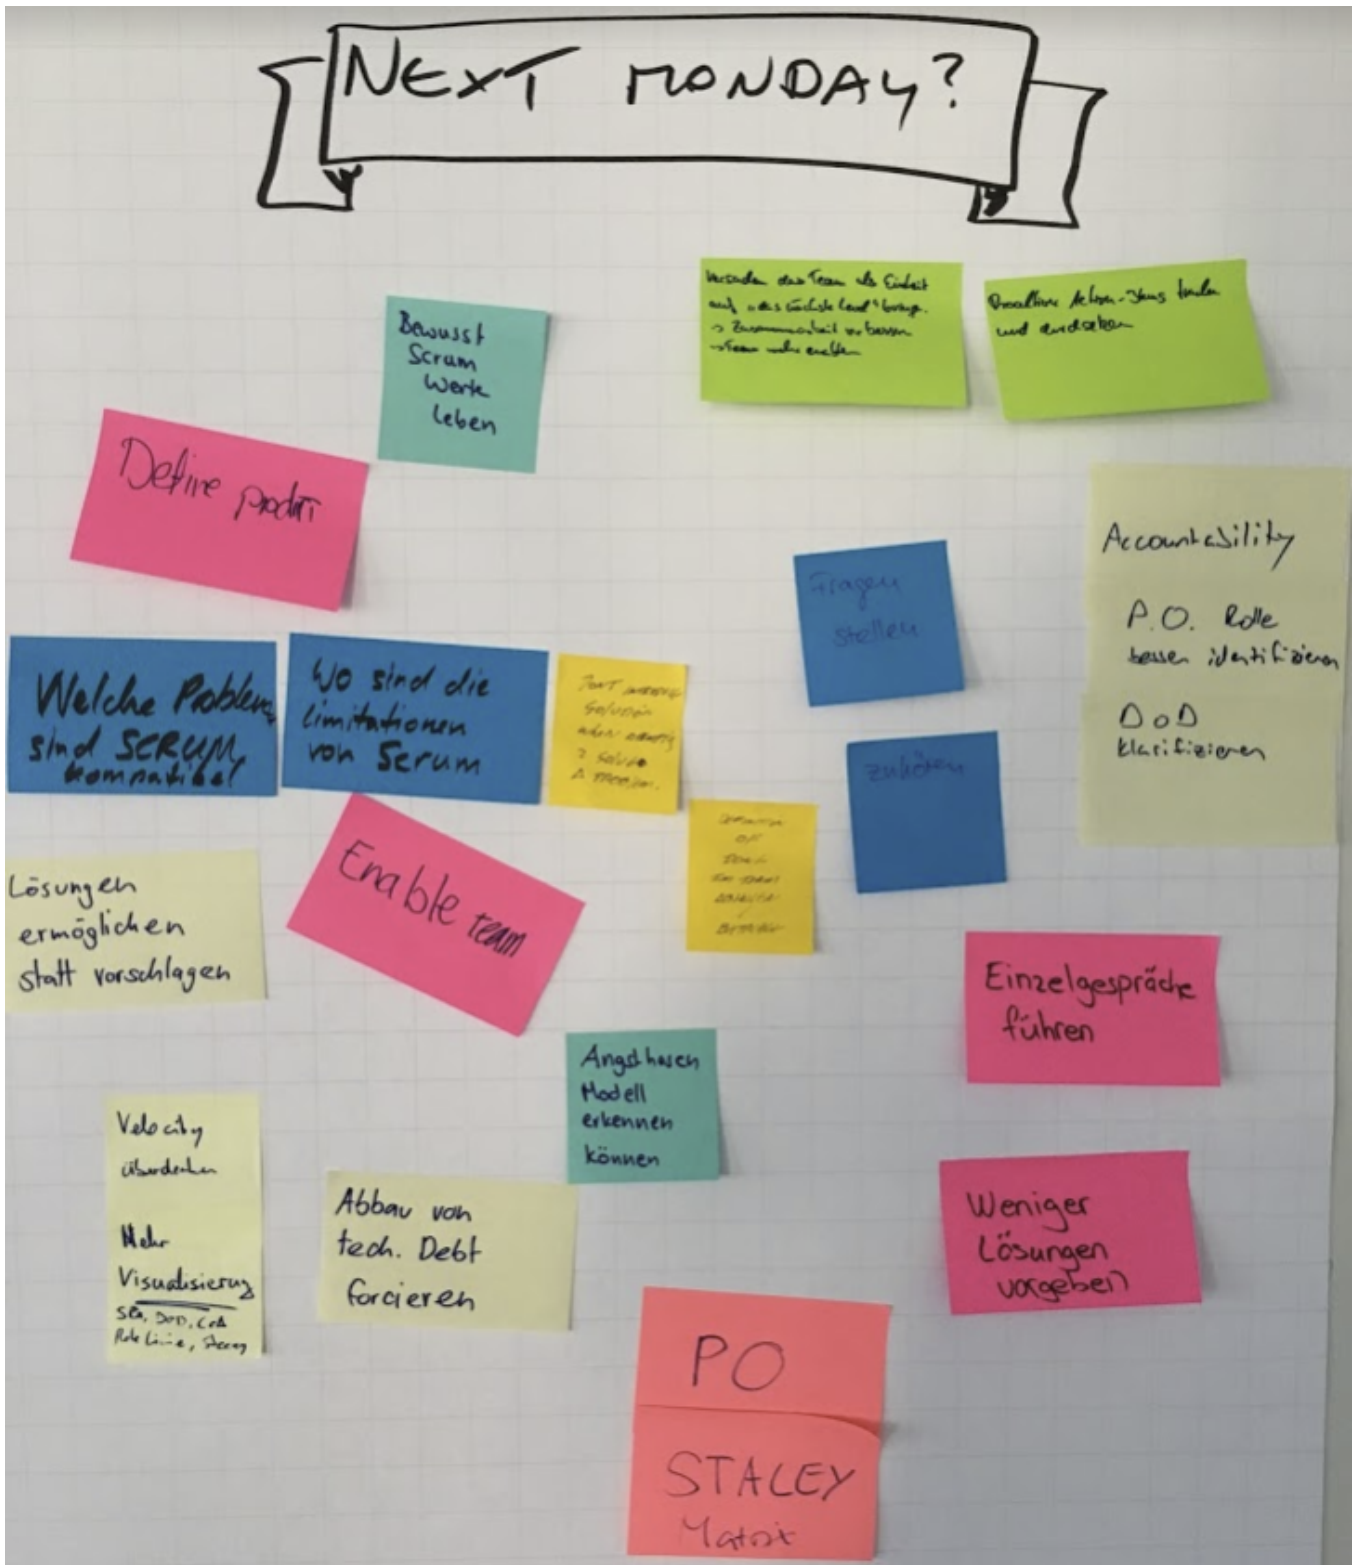

Feedback from [André Buffing, PhD](#)

"Thanks to Peter Gfader and his incredibly insightful and engaging course weekend, I am happy to have received my #professional #scrummaster (PSM I) certification. Cheers to all other participants for the fun and insightful group work we did. Looking forward to seeing you soon, again!"

Feedback can be found also on [our References page](#).

Lots of things to improve next Monday!
